Dear Mr Wegrzyn

Please find enclosed a copy of the October 1991 U S Department of Energy (DOE) Rocky Flats Office (RFO) Final Biological Survey Report for the French Drain construction at Operable Unit No 1 (OU1) project at the Rocky Flats Plant. This document was prepared with guidance from the Golden Colorado office of the U S Fish and Wildlife Service (USFWS) regarding compliance with the Endangered Species Act (16 U S C 1531 et seq)

We request that USFWS review the enclosed document and provide concurrence to DOE RFO as soon as your schedule allows Please note that construction activities at OU1 were initiated on Tuesday November 5 1991 However note that the activities have been initiated at the far end of the French Drain with regard to the wetland/cottonwood/willow habitats that the JSFWS observed during the Rocky Flats Plant site visit on September 26 1991

If there are any questions or concerns regarding the proposed action or enclosed document please contact Bruce Thatcher of my staff at 966-3532

Sincerely

*David P. Simonson*
